Mr. Joseph L. Fenno
29 Symphony Road
Boston 15, Massachusetts

Dear Mr. Fenno:

Please be advised that your communication to the Mayor has been referred to this office.

In answer to your inquiry relative to the designation of the Christian Science Church, I am happy to inform you that the building has been designated as a public shelter area and will be marked and stocked in the very near future. Also there are any other number of churches of all religious denominations that are in the process of being marked and stocked.

Thank you for your interest in this most important program.

Very truly yours,

Charles W. Sweeney
Director
